Mr. Leonard A. Miller
Director, Enforcement Division
U. S. Environmental Protection Agency
Region X
1200 Sixth Avenue
Seattle, Washington 98101

Dear Mr. Miller:

Thank you for your November 12, 1974 letter enclosing copies of applications and related draft permit material for 11 federal fish hatchery installations in our state.

This material has been directed to our regional offices with the request that it be reviewed and that comments be forwarded to you through Lyman Nielson of your agency.

Sincerely,

Office of Technical Services

Glen H. Fiedler, Supervisor
Water Resources Division

ATTN OF: Mail Stop 521

District Engineer
Seattle District, Corps of Engineers
4735 East Marginal Way South
Seattle, Washington 98134

Dear Sir:

In accordance with 40 C.F.R. § 125.14(b), we are enclosing copies of applications for National Pollutant Discharge Elimination System (NPDES) permits listed below. Pursuant to Federal regulations governing EPA conduct of the NPDES program, we request that your office evaluate the impact of granting such permits upon anchorage and navigation.

Leavenworth National Fish Hatchery, Leavenworth
Quinault National Fish Hatchery, Quinault
Entiat National Fish Hatchery, Entiat
Quilcene National Fish Hatchery, Quilcene
Winthrop National Fish Hatchery, Winthrop
Northwest Fisheries Center, Seattle

To assist you in your determination, we are also enclosing copies of the public notices, draft permits and fact sheets if available.

We request that your evaluation be provided this office during the comment period indicated on the public notices. If we do not receive your evaluation within the specified time frame, we will consider that you have waived your right to comment.

Sincerely,

Lloyd A. Reed
Chief
Permits Branch
